LODGING & TRAVEL

The Festival of Fruit is being held at the UC Inn & Conference Center at 611 Ocean Street in Santa Cruz, Calif. Conference center rooms are available at a special CRFG rate of \$99/day, including continental breakfast—for reservations call 866-827-2466. The nearest airport is at San Jose, about 30 miles from Santa Cruz. *A special note to attendees who are interested in the tours listed below:* Some tours are 5–15 miles from the San Jose airport, and Davis is 100 miles away. For ease of travel to the tours, it is recommended that you stay Monday evening near Davis or Pinole (about halfway between San Jose and Davis) and Tuesday evening near San Jose (for San Jose area tours). Motel 6 has locations in San Jose, Davis and Pinole. Near Pinole, a tour is available Monday from 4–5 p.m. of Idell Weydemeyer's garden.

SPEAKERS

Friday presentations begin at 1:30 p.m. Dinner at 7:00 (Dr. Jules Janick from Purdue University speaking on History of Fruit Breeding). Saturday presentations from 9 a.m. to 5 p.m., concurrently in five rooms. Please mark your top eight preferences from the list below, so we can plan room sizes:

- | | | | |
|---|---|--|--|
| <input type="checkbox"/> Afghan orchards | <input type="checkbox"/> Codling Moth | <input type="checkbox"/> Greengage plums | <input type="checkbox"/> New stone fruit |
| <input type="checkbox"/> Antique apples | <input type="checkbox"/> Cooking with fruit | <input type="checkbox"/> Jelly palm | <input type="checkbox"/> Orchard planning |
| <input type="checkbox"/> Apple breeding | <input type="checkbox"/> Fruit Diseases | <input type="checkbox"/> Kiwi | <input type="checkbox"/> Passion fruit |
| <input type="checkbox"/> Apple growing | <input type="checkbox"/> Fruit growing in limited space | <input type="checkbox"/> Loquats | <input type="checkbox"/> Pepper varieties |
| <input type="checkbox"/> Apricot breeding | <input type="checkbox"/> Haskap (edible honeysuckle) | <input type="checkbox"/> Myrtaceae fruit | <input type="checkbox"/> Shipova-pyrus crosses |
| <input type="checkbox"/> Apricot growing | <input type="checkbox"/> Grafting apples | <input type="checkbox"/> Mulberry, che & raspberry | <input type="checkbox"/> White sapote |
| <input type="checkbox"/> Citrus | | <input type="checkbox"/> Persimmons | <input type="checkbox"/> Tissue culture |

TOURS

Sign up early—all tours have limited space, and **only** those pre-registered may attend (maximum of 3 tours/person/day). Please rank your choices 1–5 for each day. All private gardens are large and varied. Be sure to check a map and allow sufficient travel time (distances vary from 15 to 60 minutes) between tours. Visit the CRFG website, www.crfg.org, for further descriptions and possible changes. *A note to those who wish to visit the websites listed here:* All website addresses shown, if used, must be preceded by the standard <http://> letters and symbols, such as for The Center for Agroecology & Sustainable Food systems, <http://zzyx.ucsc.edu/casfs/>.
